- (b) whether the Government has put in place any monitoring mechanism to certify such products and if so, the details thereof ; and
- (c) whether the restrictions that are applied to allopathic medicines are extended to such products and if so, the details thereof?

Answer

ANSWER

THE MINISTER OF STATE (IC) OF THE MINISTRY OF AYURVEDA,
YOGA & NATUROPATHY, UNANI, SIDDHA AND HOMOEOPATHY
(SHRI SHRIPAD YESSO NAIK)

(a) to (c): Government is aware about various claims of herbal products in the market. The legal provisions for regulation and quality control of herbal products of Ayurvedic, Siddha, Unani and Homoeopathic systems and their advertisements are prescribed in the Drugs & Cosmetics Act, 1940 and Rules thereunder and Drugs & Magic Remedies (Objectionable Advertisements) Act, 1954 respectively. The Licensing Authorities/Drugs Controllers appointed by the State Governments are empowered to take necessary action against the defaulters acting in contravention of these legal provisions. Instances of alleged default and contravention of legal provisions, brought to the notice of Ministry of AYUSH in the Central Government, are forwarded to the respective State Authorities for taking necessary action in the light of legal provisions. Certificate of Good Manufacturing Practices is mandatory for grant of manufacturing license for Ayurvedic, Siddha and Unani drugs.

Though the regulatory provisions for manufacturing of Ayurvedic, Siddha, Unani vis-À-vis Homoeopathic medicines are separate, the restrictions for spurious, misbranded and adulterated drugs and misleading advertisements are similar in both cases. As per information furnished by different States, the State Authorities have initiated/taken action against various defaulters/manufacturers for various claims and the details of information received from the States are enclosed at Annexure. The State of Kerala has filed 25 Court cases against defaulters/manufacturers. In addition, States like Uttarakhand, Delhi and Gujarat have also issued notices to over hundred defaulters/manufacturers.
